[Brent Street - Workshop and Audition Tour 2026](#)

We're bringing our signature Brent Street training to 23 cities all across AU/NZ, where you can take class with our choreographers, meet and chat with our team, audition for our 2026 Full Time courses and take your shot at a scholarship!

NSW/ACT dates:

- Byron Bay - 10 April
- Coffs Harbour - 14 April
- Port Macquarie - 13 April
- Newcastle - 14 April
- Dubbo - 15 April
- Orange - 16 April
- Wagga Wagga - 21 April
- Albury - 18 April
- Canberra - 19 April

[Brent Street - Autumn Camp 2026](#)

13 - 15 April

Don't miss an incredible 3 days of dancing at Brent Street Studios in Sydney, Australia. Bringing you 15 of our top choreographers and teachers, you'll leave the workshop feeling inspired and pumped, ready to smash Term 2 ahead!

We welcome students from all studios across Sydney and Australia to enjoy our Autumn Camp. It's so much more than just dance classes; it's an experience of making friends, a physical challenge and inspiring teachers!

Throughout the intensive, teachers will be on the look out for hardworking and fierce dancers to win a scholarship to the 2026 Winter Camp (held in July School Holidays), so be ready to break a sweat! Brent Street is a wonderful place and we are excited to share a little bit of the magic with you at the workshop! See you there!

[SAE - Sydney Info Night](#)

23 April

Just make the first move in your dream career – join us at your local SAE campus this January for Info Night!

This is your chance to get a feel for the vibe at an SAE campus. Explore our creative and technology courses, meet industry experts and chat to the campus teams about student life. You can even take a tour of our facilities and check out some of the awesome student projects on display.

[AIE Film Production Workshop](#)

17 April 2026

Learn what it takes to plan and produce a film shoot in this intensive film production workshop. You will get hands-on with cameras, lighting, and the latest in virtual production LED screens. Industry-experienced filmmakers will guide you in taking your script through the various production stages.

In this workshop, we will fast-track the film production process by choosing one scene and taking it through the pipeline from idea to finished shots. As part of this process, participants will be leveraging virtual production sets! This is an exclusive opportunity to learn more about this revolutionary technology which is empowering filmmakers.

This workshop is suited to participants 16 years+ that are interested starting their career in film.

[Work Experience at AIE](#)

Various Dates in 2026

The AIE Work Experience Program is a great way for secondary school students in years 10 to 12 to learn about the interactive entertainment and digital industries. The week will open the door to the range of career possibilities in the industry and allow students to get hands-on with the tools of the trade.

The Work Experience Program runs from 9am to 3pm over the course of a week and encompasses a range of activities including 3D animation, programming, QA testing and much more.

English

[What Matters? Writing Competition](#)

Closes 15 May

Inspired by Gough Whitlam's commitment to involving young people in shaping Australia's future, the What Matters? writing competition is currently open to school students in years 5 to 12 from Australia. Responding to the simple question 'what matters?', entrants are free to express their views on any matter they care about.

Part writing exercise, part civics and citizenship activity, What Matters? is the perfect opportunity to empower students to raise their voices on issues that are important to them and know that their perspectives are valuable, no matter their age, background or viewpoint. Entries can be fiction, non-fiction, poetry or prose of up to 600 words, and submitted online.

[HSC History Extension: writing the project 2026](#)

12 March

Join us for an online HSC History seminar focusing on writing the project. This interactive online seminar is presented by Museums of History NSW and the State Library of NSW.

Maths and Science

[ANU Tuckwell Scholarship - Opens Soon](#)

Opens 2 March

Closes 13 April (must Apply Direct by 9 April)

We offer talented and motivated students the opportunity to realise their potential by providing financial support, personal enrichment and development opportunities. Most importantly, Scholars can connect with and learn from one another within our home on campus, Scholars House.

Scholars are selected on the basis of intellect, character, leadership and their commitment to Australia.

We realise everyone is dealt a different hand in life. In our view, it is not the hand you are dealt that counts but what you do with it.

In our search for Scholars, we are looking for people who have done the best with what was available to them and have a clear sense of what their future should look like. We wish to select a diverse cohort, comprising students of all different backgrounds, personalities and interests, who will actively engage with life at Scholars House.

[2027 Tuckwell Scholarship Application Guide](#)

This guide provides an overview of the application process to commence study at ANU on a Tuckwell Scholarship in 2027.

We suggest all candidates read the guide and discuss its contents with potential referees before submitting an application.

[ANU Open Day](#)

29 March

Don't just imagine it. Experience your future at ANU Open Day.

What to expect:

- Dive deeper into degrees at information sessions.
- Connect with experts and students at the Study Options Expo.
- Take a campus tour.
- Explore student accommodation.
- Wander around the campus and discover our welcoming community.

[Discover ACU Blacktown -Nursing Midwifery and Nutrition Science](#)

8 April

Are you passionate about caring for others, promoting health or supporting wellbeing in your community? Step into the world of nursing, midwifery and nutrition science at ACU and see how you can turn compassion into a meaningful career.

Get hands on in our fully functional nursing and midwifery simulation wards, explore our science lab and see what it's really like to study in these life-changing fields. You'll meet our expert staff, hear from current students and experience learning environments designed to prepare you for real-world practice.

This free event is open to students in Years 10 – 12.

[Discover ACU North Sydney -Allied Health and Nursing](#)

10 April

Are you ready to make a real difference in people's lives through allied health and nursing? At ACU, you'll learn what it means to turn compassion into action.

Join us for Discover Nursing, Occupational Therapy, Physiotherapy, and Speech Pathology – a hands-on practical event designed for students in Years 10 – 12.

Get a behind-the-scenes look at our interactive, fully-functional simulation wards and labs, where you can step into the shoes of a future health professional. Take part in interactive activities, meet current students, and hear how ACU prepares graduates to care, lead, and advocate for others.

This free event is your chance to explore the rewarding world of health and allied health. See how you can change lives, starting with your own.

Register your spot today and see why ACU is ranked number one in Australia for employer satisfaction*.

[Discover ACU North Sydney - Law, Criminology and Business](#)

10 April

Dream of changing the world? Ready to lead with purpose?

Join us for Discover Law, Criminology and Business at ACU North Sydney. You'll dive into hands-on workshops, explore our campus, and hear from current students about how they're studying to become ethical lawyers, strategic business leaders, and change-makers in criminal justice.

[Medical Work Experience for Year 10 and 11 Students](#)

We understand that getting medical work experience as a student can be extremely difficult. We offer young people from secondary and senior secondary school a safe, guided experience into the world of medicine through our High School Special Projects.

Our medical internships abroad for high school students focus on experiential education, so you learn by doing. You can expect to:

Shadow doctors and other medical professionals in busy hospitals and clinics

Attend medical workshops and seminars

Get first-hand insight into the healthcare challenges people face everyday

Participate in community healthcare outreaches that serve people in need

Learn essential medical skills like measuring blood pressure and blood sugar levels

[Quiz - Which health science course is for you?](#)

Considering a health science course? Imagine a career where you're helping people to have a happier and healthier life. This is what health science careers are all about and there are a lot to choose from! Use our quiz to work out which health science course is best based on your interests.

[UNSW Future of Health Exhibition](#)

Until 13 March

The Future of Health exhibition shows work that is taking place across the Randwick Health & Innovation Precinct.

What will the future of health look like?

As life expectancy continues to rise and global change accelerates, the future of healthcare will be shaped by cutting-edge technologies, interdisciplinary collaboration, and a renewed focus on equity and wellbeing.

The Future of Health Exhibition showcases pioneering research and innovation across disciplines, public health, and health systems – work that is already reshaping the landscape of healthcare.

[Bond University Health Experience Day](#)

18 April or 6 June

Discover what it's like to manage the care of real patients from start to finish through Bond's Health Experience/Day. This free event is your opportunity to consult with/clinical doctors, physiotherapists, dietitians, occupational therapists, biomedical and exercise scientists, and other allied health professionals, to gain a deeper understanding of the different career options available in the health sciences.

You will take on the fictional role of healthcare advisor, working with patients to consolidate all their primary and allied health practitioner's assessments, and will provide the next steps going forward in the management of these patients. Working with the health team and/individual patients, you'll determine the optimal courses of treatment for the best outcome.
