[NIDA Short Courses](#)

Open your creativity with NIDA's short courses. Designed specifically for children and young people, NIDA offers a fun and supportive learning environment that unlocks creative potential and builds confidence.

[Sydney Dance Company Holiday Program](#)

7-17 April

Early Bird Discount Expires 6 March

Young dancers will have fun, develop their dance skills and be taught by the best in the industry at Sydney Dance Company's Autumn School Holiday Workshops!

[Australian Institute of Music - School Holiday Performance Workshop](#)

13 April

Ready to level up your performance skills these school holidays? Our Performance Workshop is your chance to take your love of music to the next stage – literally.

Designed for high school students in Years 10–12 who are serious about honing their craft, this one-day intensive dives deep into what it takes to perform like a pro. You'll rehearse, jam, and create music with other passionate musicians while learning from some of Australia's leading industry mentors at our Sydney campus.

[Australian Institute of Music - School Holiday Songwriting Workshop](#)

13 April

Step into the world of songwriting and unleash your creativity at our dedicated School Holiday Songwriting Workshop – a one-day intensive created especially for Years 10–12 students who are passionate about music and ready to bring their own ideas to life.

With guidance from AIM academics Dominic Cabusi and Bronte Maree O'Neill, you'll learn directly from industry professionals who write, produce, and perform for a living, and know how to turn an idea into a song that shines.

Together, you'll explore how lyrics, melody, harmony, and rhythm come together to tell your story and express who you are as an artist while also collaborating with other young musicians in a supportive, creative environment.

[Australian Institute of Music - HSC Masterclass](#)

17 April

Get ready for your final HSC assessments with AIM's HSC Masterclass – a one-day intensive designed specifically for Year 12 Music 1 and Music 2 students who want to fine-tune their pieces, boost confidence, and perform at their best.

Maths and Science

[Big Science Competition - Registration Now Open](#)

4-15 May

Sign up for our 50 minute, mixed format online competition testing science knowledge, critical-thinking and problem-solving skills.

[International Chemistry Quiz](#)

Registration Open 20 April

Sit Quiz Between: 3-7 August

The ICQ stands out as a unique chemistry education initiative, providing a dynamic and focused exploration of chemistry for school students between years 7 - 12. It aims to kindle interest in chemistry and underscore the crucial role of chemists in society. It serves as an opportunity for teachers to gauge their students' understanding of chemistry and acts as a platform to encourage students to pursue studies and careers in chemistry. Going beyond standard syllabus content, the Quiz is designed to be engaging and thought-provoking. With questions that encourage students to apply their knowledge to real-world scenarios, ICQ is truly an international competition, attracting participants from Australia and across the world. Come explore the world of chemistry!

HSIE

[Australian History Competition](#)

Registration Closes 31 March

Complete between May 25 - June 12

Not only is the Australian History Competition an opportunity to showcase that history is as important as maths, english and science, our delivery in hardcopy gets students away from screens in a fun and engaging way and helps them develop crucial skills in seeing different points of view. With a focus on testing interpretation and analysis rather than prior knowledge, the competition is accessible to year 7-10 students of all levels, giving every student the chance to excel!

[How to become an architect in Australia](#)

By the year 2030, the world will need three billion new homes. What's more, architects will have to create buildings that are 'net zero carbon', with sustainability, culture and people front of mind.

It's clear that architecture is essential for improving people's lives – both now and in the future. So how do you become an architect in Australia? The short answer is study (a Bachelor's degree and a Master's degree), professional experience, an exam, and professional registration. Ready to understand that journey in detail? Let's take a look at how you can become an architect in Australia – and the advantage studying with UNSW will give you.

[UNSW Year 12 Medicine Information Evening](#)

11 March

Are you interested in a career in medicine?

Start your medical career at one of the top medical schools in the world.* Studying the Bachelor of Medical Studies/Doctor of Medicine at UNSW will provide you with the theoretical understanding and practical experiences you need to launch your career as a medical professional.

UNSW Year 12 Medicine Information Evening will provide insight into the dynamic blend of hands-on clinical experiences and research-focused learning that you will be immersed in as a UNSW Medicine student.

You'll also find out detailed information on the application and admissions process for 2027 entry, including special entry schemes such as Rural, Gateway and Indigenous Entry Schemes.

Join us online where you will hear from our expert panel of academic staff, current students and advisors, and get all of your UNSW Medicine questions answered.

[UNSW College Open Day](#)

14 March

Thinking about your options after high school?

Discover how UNSW College can help you progress straight into second year at UNSW Sydney – no compromises, no delays. With May and August '25 intakes available, you won't have to wait long to start your UNSW journey.

At our Open Day, you'll get a taste of college life, immerse yourself in our vibrant community, and find out how a UNSW College Diploma can set you up for a lifetime of success.

[UNSW Aviation Information Session](#)

18 March

For students interested in a career in aviation. This interactive webinar is a fantastic opportunity to explore our world class aviation programs, hear directly from academic experts, and learn more about study pathways, flying training, drone operations and what makes UNSW one of Australia's leading aviation educators.

[UNSW Capital W "Future Women in Business" High School Workshop 2026 EOI](#)

28 March

Are you a female-identifying high school student in Years 10-12 interested in studying business? Want to find out what working in business is really like and hear some tips and tricks from women who are working in industry? Attend the UNSW Business School and Capital W (UNSW's Women in Business Society) Women in Business Workshop in person on Saturday, 28 March 2026 from 9:00 AM - 2:00 PM at UNSW, Kensington.

This workshop will give you the chance to explore where a career in business could take you, while meeting like minded young women. You'll also build on invaluable soft skills including communicating, presenting and networking.

This event is free, but tickets are limited, so register and answer the questions to secure your spot!

[UNSW Experience Days - Registrations Now Open](#)

13, 14 or 15 April

Students are invited to join us in April for our highly anticipated Year 10 & 11 Experience Days event. Through hands-on faculty workshops, they'll discover what it's like to be a UNSW student and explore pathways and study areas. Our Monday event is designed for Year 10 students, while Tuesday and Wednesday are geared towards Year 11. Invites will be shared with students tomorrow!

University - General

[UCAT For Entry to Medicine in Australian and New Zealand Universities](#)

The UCAT ANZ is an entry requirement for our Australia and New Zealand Consortium universities. You are required to sit the UCAT ANZ 2026 test (between 1 July and 5 August 2026) if you are intending to apply for entry in 2027 to a relevant course or programme listed below.

UCAT ANZ results cannot be carried over from one year to the next. For example, results from UCAT ANZ 2026 can only be used to apply for courses commencing in 2027.

Some pathways to medicine/dentistry/clinical sciences will not require the UCAT ANZ. For some applicants a different test may be required. You should always check the entry requirements for each course or programme using the websites of the universities to which you intend to apply before booking a test.

There are no general exemptions from the test.

[ScholarshipsDb.Net](#)

Find scholarships at all levels. A one stop scholarship shop. Refine your search to your own interests.

[Bond University Math's Stream - Year 12 Extension Program](#)

13 April

The Year 12 Extension Program is a free two-day workshop where students gain an insight into Bond, and to assist the transition from high school to university. Our expert academics will facilitate the opportunity for students to experience an enrichment of the senior school syllabus through real world applications.

Top performing students from each stream will be awarded a part-fee scholarships exclusive to the Year 12 Extension Program.

[Bond University Business Stream 1 - Year 12 Extension Program](#)

16 April

The Year 12 Extension Program is a free two-day workshop where students gain an insight into Bond, and to assist the transition from high school to university. Our expert academics will facilitate the opportunity for students to experience an enrichment of the senior school syllabus through real world applications.

Top performing students from each stream will be awarded a part-fee scholarships exclusive to the Year 12 Extension Program. We also invite all students, and their families, who successfully complete the two-day program to join us at a special awards night on Tuesday, 2 June, 2026.

[Bond University Health Experience Day](#)

18 April or 6 June

Discover what it's like to manage the care of real patients from start to finish through Bond's Health Experience/Day. This free event is your opportunity to consult with/clinical doctors, physiotherapists, dietitians, occupational therapists, biomedical and exercise scientists, and other allied health professionals, to gain a deeper understanding of the different career options available in the health sciences.

You will take on the fictional role of healthcare advisor, working with patients to consolidate all their primary and allied health practitioner's assessments, and will provide the next steps going forward in the management of these patients. Working with the health team and/individual patients, you'll determine the optimal courses of treatment for the best outcome.

[Griffith University - Pathways to Medicine information session](#)

24 March

Join our expert-led online information session to explore the pathways into Griffith's Doctor of Medicine program. Gain insights into admissions criteria, the selection process, and key tips for success. The session features a Q&A, giving you the chance to hear from admissions specialists, degree experts, and current students.

[University of Melbourne - UniMelb 101 Webinar](#)

17 March

This interactive webinar is your opportunity to ask your burning questions about undergraduate study, career pathways and life outside of the classroom. We'll be covering:

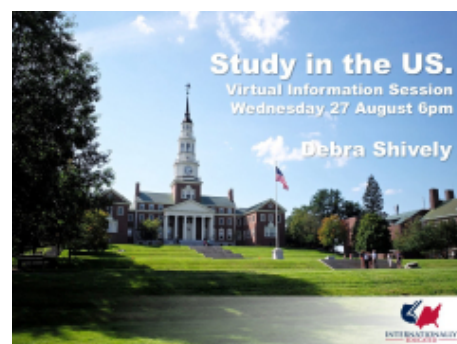

- How the Melbourne curriculum enables you to design your own undergraduate degree
- Advice for moving to Melbourne
- Student accommodation options
- Scholarships to support your journey
- Advice and tips from current students.

[Study in the US - Virtual Information Session](#)

18 March

Internationally Educated is excited to host a live, virtual information session providing students and families from years nine to twelve (9-12) the opportunity to learn more about Studying in the US.

This general presentation draws on our experience having worked in US university admissions and will provide insight to the US university application process and the higher education system in the US. A brief Q&A session will follow the presentation.

[University of Melbourne - 2026 Hansen Scholarship Program Info Session](#)

19 March

Talented year 12 students, parents, careers practitioners, and other support people are invited to join us for an information evening to learn more about the University's most generous undergraduate scholarship: the Hansen Scholarship. As a Hansen Scholar, you'll join a program that nurtures potential and provides a place where your ambition can grow, offering you access to a high-quality university education that might otherwise feel out of reach. Valued at up to \$108,000, this scholarship offers a fully funded place to call home at Little Hall for three years. Alongside the close-knit residential community, tailored mentoring, extracurricular activities and focused financial support will set you up for success.

TAFE

[Rheem Apprentice Plumber Grants 2026](#)

Applications Close 26th April

Are you an apprentice plumber or do you know of an apprentice plumber who deserves \$3,000 to help kickstart their plumbing career in 2026?

Each grant includes \$2,000 to go towards TAFE/RTO fees and a \$1,000 tool voucher to help build your toolbox.

[TAFE Online Courses](#)

TAFE NSW offers a wide range of nationally recognised, online study options across various modern industries. You can study online and enjoy flexible learning to fit your lifestyle with short courses, certificates, diplomas, and degrees. Thinking about studying online? When you study with TAFE NSW, you're not on your own. Learn more about us, our inclusive online learning environment and how you can study on your terms.

[Types of apprenticeships](#)

These are the different types of apprenticeships you can complete based on your circumstances and needs. When referring to 'Australian Apprenticeships', this includes apprenticeships and traineeships. Both combine learning at a training organisation and learning on the job.

Private Colleges

[NIDA Short Courses](#)

Open your creativity with NIDA's short courses. Designed specifically for children and young people, NIDA offers a fun and supportive learning environment that unlocks creative potential and builds confidence.

[Sydney Dance Company Holiday Program](#)

7-17 April

Early Bird Discount Expires 6 March

Young dancers will have fun, develop their dance skills and be taught by the best in the industry at Sydney Dance Company's Autumn School Holiday Workshops!

[Sydney Design School Designer for a Day Workshop](#)

9 July

Curious about what it might be like to work as an Interior Designer? We have developed the perfect one day workshop for students in Years 10, 11 and 12 to find out more. You'll get hands on in our studios experimenting with colour and materials. Find out what it takes to become a professional Interior Designer and understand what an average day looks like on the job! You'll even jump into our 3D design studios to create your own interior space. Be quick to grab your spot, we have a maximum of 24 students per workshop. We hope to see you there!

[Sydney Design School Interior Decoration Workshop](#)

15 & 16 April

Be inspired. Be creative. If you love interiors magazines and beautifully styled spaces, this fun two day workshop is for you. It's perfect for any interiors enthusiast who wants to decorate their home with skill and confidence. Perhaps you're considering a career in interiors? This beginners workshop will give you a taste of the Certificate IV in Interior Decoration course and you'll get a feel for our School and the passion of our Educators.

[Sydney Design School Workshop - Design Your Bedroom](#)

8 July

Love rearranging your room or dreaming up new looks? Learn how the pros do it! Join our one day workshop for students in Years 7–10. Plan your dream bedroom, experiment with colour, play with materials and discover the latest furniture, finishes, accessories and bedlinen.

Create a professional mood board and a 3D model of your dream room to take home. Be quick to grab your spot. This course only runs twice a year and will fill fast!

[Sydney Flight School - March Intake Applications Now Open](#)

Limited Places Left for March 2026

This comprehensive Double Diploma combines SFC's AVI50222 Diploma of Aviation(Commercial Pilot Licence - Aeroplane) and AVI50519 - Diploma of Aviation (Instrument Rating).

The Commercial Pilot Licence (CPL) is the minimum requirement to earn a living as a pilot in Australia. You'll start your training learning the fundamentals of flight in single engine aeroplanes such as the Piper Warrior, before progressing towards larger and more complex aircraft culminating in your CPL flight test being performed in the legendary Cessna 182T Skylane. We'll arm you with all the non-technical and technical skills required to work in the industry as a professional pilot. No previous knowledge is required!

Once you have obtained your Commercial Pilot Licence, it's time to level up and excel.

Designed for high school students in Years 10–12 who are serious about honing their craft, this one-day intensive dives deep into what it takes to perform like a pro. You'll rehearse, jam, and create music with other passionate musicians while learning from some of Australia's leading industry mentors at our Sydney campus.

[Australian Institute of Music - School Holiday Songwriting Workshop](#)

13 April

Step into the world of songwriting and unleash your creativity at our dedicated School Holiday Songwriting Workshop – a one-day intensive created especially for Years 10–12 students who are passionate about music and ready to bring their own ideas to life.

With guidance from AIM academics Dominic Cabusi and Bronte Maree O'Neill, you'll learn directly from industry professionals who write, produce, and perform for a living, and know how to turn an idea into a song that shines.

Together, you'll explore how lyrics, melody, harmony, and rhythm come together to tell your story and express who you are as an artist while also collaborating with other young musicians in a supportive, creative environment.

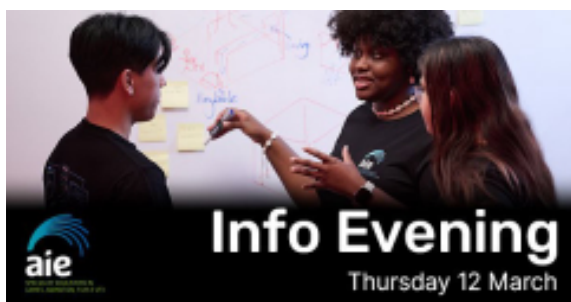

[Australian Institute of Music - HSC Masterclass](#)

17 April

Get ready for your final HSC assessments with AIM's HSC Masterclass – a one-day intensive designed specifically for Year 12 Music 1 and Music 2 students who want to fine-tune their pieces, boost confidence, and perform at their best.

[AIE Information Evening](#)

Discover the courses designed to get you started in game development, film, 3D animation and visual effects at the AIE Information Evening. The evening will include presentations on different areas of industry to get into as well as information about AIE full-time and part-time courses and entry requirements. We will be showing off AIE student work and our staff and teachers will be available to chat with you about our courses and how AIE can get you into a creative career.

[AFTRS Introduction to Documentary Short Course](#)

9-29 March

Learn to tell powerful true stories and connect with your audience through documentary. In this Intro to Documentary course, you'll explore a brief history of documentary and the difference between 'factual' and 'documentary', the six modes of documentary making, navigating financing, funding and festivals, and how to develop your idea into a synopsis .

[Sydney Royal Easter Show Volunteer Application Form](#)

Applications Now Open

The volunteers at the Sydney Royal Easter Show elevate the overall experience for our visitors through their outstanding assistance and commitment to excellent customer service. They play crucial roles as welcoming and directional ushers, information agents, and supporters during educational and agricultural activities for children. These dedicated volunteers operate in various pavilions focused on agriculture, animals, and education, actively contributing to the creation of a captivating, thrilling, and educational experience for all Show-goers.

[Projects Abroad](#)

Projects Abroad is the world's largest provider of international volunteering, internships and meaningful travel experiences. We've been running for over 25 years and have been trusted by over 120,000 participants who've joined our award-winning trips.

[A Year 12 Guide for Parents](#)

Despite there being mountains of books written about the first few years of children's lives, there are few Year 12 guides for parents. We're here to help! Firstly, congratulations, your child has made it to Year 12. It really is the last mile in the marathon of parenting a student. Here are some key milestones for parents and carers to think about as your child heads into Year 12.

[5 Health Science Careers All About Helping Others](#)

One of the most important roles for health scientists is to protect humans from everyday things that can really hurt us. Meet health professionals working in health science careers, doing the behind-the-scenes work we all need.

[Big Science Competition - Registration Now Open](#)

4-15 May

Sign up for our 50 minute, mixed format online competition testing science knowledge, critical-thinking and problem-solving skills.

[Microsoft AI For Beginners](#)

Explore the world of Artificial Intelligence (AI) with our 12-week, 24-lesson curriculum! It includes practical lessons, quizzes, and labs. The curriculum is beginner-friendly and covers tools like TensorFlow and PyTorch, as well as ethics in AI

[Help Save the Planet with AI + Data](#)

Meet 5 real-life role models combining their passion for the environment with data, machine learning and artificial intelligence.

[International Chemistry Quiz](#)

Registration Open 20 April

Sit Quiz Between: 3-7 August

The ICQ stands out as a unique chemistry education initiative, providing a dynamic and focused exploration of chemistry for school students between years 7 - 12. It aims to kindle interest in chemistry and underscore the crucial role of chemists in society. It serves as an opportunity for teachers to gauge their students' understanding of chemistry and acts as a platform to encourage students to pursue studies and careers in chemistry. Going beyond standard syllabus content, the Quiz is designed to be engaging and thought-provoking. With questions that encourage students to apply their knowledge to real-world scenarios, ICQ is truly an international competition, attracting participants from Australia and across the world. Come explore the world of chemistry!

[Want to fly a 737?](#)

Ready to embark on a flight adventure like no other? Book your 737 simulator experience today and discover the thrill of sitting in the left hand seat of a commercial jet.

[Australian History Competition](#)

Registration Closes 31 March

Complete between May 25 - June 12

Not only is the Australian History Competition an opportunity to showcase that history is as important as maths, english and science, our delivery in hardcopy gets students away from screens in a fun and engaging way and helps them develop crucial skills in seeing different points of view. With a focus on testing interpretation and analysis rather than prior knowledge, the competition is accessible to year 7-10 students of all levels, giving every student the chance to excel!

[Paid Gap Year in the United Kingdom](#)

Applications Close Soon!

Our paid Gap Year in the United Kingdom programme is designed for young people eager to immerse themselves in British culture while working as an Activity Assistant. We partner with over 25 outdoor learning centres across England, Scotland, and Wales, offering placements in some of the UK's most beautiful locations. Whether you've just finished high school, are currently studying at university, or have recently graduated, this programme provides a unique opportunity to gain hands-on experience, develop valuable skills, and make lifelong memories.

[Breaking Ground: Women in Archaeology](#)

5 March

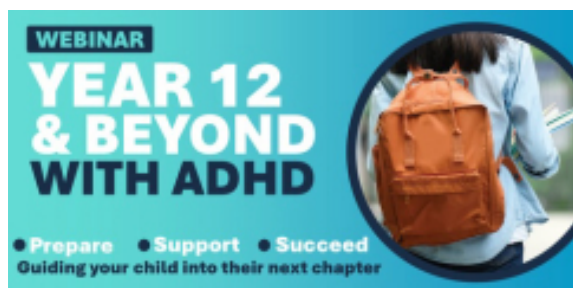

Held for International Women's Day, this enlightening conversation will examine the significant role played by women in the development of archaeology as a field in Australia. The talk will feature a range of experts who will share their unique experiences.

[Campfire Sydney - GameJam for High Schoolers](#)

28 February - 1 March

Sign up for Campfire Sydney, a 2-day game jam where you build a game from scratch and compete for prizes. Everything's free - entry, food, and you get this sick t-shirt just for showing up. No experience needed (there are workshops!), and they're welcoming both artists and developers. Let's make something together! As for the attached PDF, you could use the same paragraph from above + the following extra details: Sign up for Campfire Sydney, a 2-day game jam where you build a game from scratch and compete for prizes. Everything's free - entry, food, and you get this sick t-shirt just for showing up. No experience needed (they have workshops!), and they're welcoming both artists and developers. Let's make something together!

[Year 12 & Beyond with ADHD](#)

26 February

About this event

Support your teen's journey through Year 12 with practical, expert-backed strategies tailored for ADHD. This webinar helps parents cut through confusion and focus on what matters most for success—at school and beyond.

Why attend?

- Get actionable solutions for common ADHD challenges in Year 12
- Discover ways to turn ADHD traits into strengths for study and career planning
- Leave with clear, practical tools to guide your teen's next steps

Ready to help your teen thrive? [Click](#) to find out more!

[Year 10 & Beyond with ADHD](#)

5 March

About this event

Support your teen through Years 10–12 with practical strategies and expert insights tailored for ADHD. This webinar helps parents guide their child through key decision points, boost motivation, and plan for life after school.

You'll learn how to:

- Tackle planning, procrastination, and emotional regulation challenges unique to ADHD
- Explore ATAR and non-ATAR pathways without closing doors
- Build motivation, independence, and a future that fits your teen's strengths

Leave with actionable tools and clarity to guide your teen's next steps—at school and beyond.
