UOW
COLLEGE
AUSTRALIA

19 May

At UOW College, we offer pathway programs that can guarantee* entry to the University of Wollongong. Many of our courses allow you to start in the second year of your degree, so you won't lose time. Whether you're just exploring your options, have already applied, or received an offer—this session is for you. Staff will be available to answer your questions live.

[UOW College Fitness Information Session](#)

9 June

Please join our upcoming information session to find out more about Fitness courses at UOW College.

New students interested in studying fitness and current fitness offer holders will find this session helpful.

During the online webinar we will cover:

- Fitness courses at UOW College
- Flexible study options (on campus or distance)
- Entry requirements
- Course units of competency / subjects
- Course outcomes and progression to further study
- Career outcomes

UOW
COLLEGE
AUSTRALIA

[University of Wollongong - Future Talk Webinar - Unpacking & Understanding UOW Degrees and Alternate Pathways](#)

UNIVERSITY OF WOLLONGONG
AUSTRALIA

9 March

Helping parents support students through Year 12 & beyond Year 12 can be a stressful time for students and for the parents and carers supporting them. With big post-school decisions ahead, these sessions are designed to provide clarity, reassurance and practical advice to help you navigate the year with confidence

[University of Wollongong - Future Me Applications Now Open](#)

Closes 10 May

Explore your post-high school opportunities and improve your HSC study skills with our Year 12 Future Me program. You'll learn about university pathways, finance and about UOW's Early Admission process.

The Bega Valley and Eurobodalla program will commence in Term 2.

Students attend weekly 90-minute sessions online or at their local UOW or CUC campus. In these sessions, student will learn about pathways to university, connect with peers, and hone their skills ready for Early Admission. Students who complete the program and apply for UOW Early Admission will be flagged with UOW Admissions.

[Macquarie University - Year 10 Webinar](#)

13 May

The first big step towards senior school? Choosing your Year 11 and 12 subjects.

Before making your selections, it helps to think about what you enjoy studying, where your strengths lie and how your choices may influence what you choose to do after high school.

Our Year 10 Webinar outlines key considerations, common misconceptions and practical realities of subject selection, so you can make informed and confident choices.

[Macquarie University Open Day](#)

15 August

What you can do on Open Day

- Attend an info session on some of our most popular degrees
- Speak with our academics about our degrees, majors and specialisations, and how they'll uniquely prepare you for/your first career, or help you upskill or reskill if your career is already underway
- Learn about our scholarships, adjustment factors and pathways; and RPL (recognition of prior learning) if you've/studied before
- Chat with current students about/uni/life
- Jump on a campus tour and check out our awesome facilities

[Macquarie Uni - Campus Tours](#)

Students and their families can get a first-hand look at where they could study, connect, and thrive - and chat with current students about what life at Macquarie is really like.

Upcoming tours:

Saturday, 2 May at 10.00am and 11.30am

Saturday, 16 May at 10.00am and 11.30am

Saturday, 30 May at 10.00am and 11.30am

Saturday, 13 June at 10.00am and 11.30am

Saturday, 27 June at 10.00am and 11.30am

[Western Sydney Uni - Discover Western Webinar - For Parents and Supporters: Your Role and How You Can Help Guide Them to University](#)

4 May

This webinar is for Parents and Supporters to learn how they can support their child through their HSC and while they make those big decisions about their future. Discover university entry options, careers and courses, and pathways they can explore should they not achieve their desired ATAR.

[Western Sydney Uni - Discover Western - Pathways, Alternative Entry and Early Offers](#)

9 June

This webinar is aimed at students in Years 10 - 12. We will explore and explain our HSC True Reward Early Offer Program, Alternative Entry Pathways and more.

[Western Sydney University Kirby Cup High School Competition](#)

Registration Now Open

The Kirby Cup 2026 Western Sydney University High School Competition is a mooted competition designed to introduce high school students to the practice of legal advocacy and courtroom procedure. Schools may enter one team of up to four students. Each team will be required to prepare written submissions and present oral arguments in a simulated court setting, based on a legal problem developed by the School of Law.

[Meet the University of Sydney - Armidale 2026](#)

7 May

The University of Sydney is coming to Armidale!

Join us for an information evening to find out about the University of Sydney!

The session will also cover information about courses, admission requirements, entry schemes/pathways, fees, scholarships and accommodation, as well as the type of support available on campus. Uni students and alumni from Regional NSW will share stories, tips on moving away from home and advice about their journey to university and beyond.

[University of Sydney Webinar - Your pathway to teaching at Sydney](#)

27 May

Join us for an information session on studying early childhood, primary, and secondary education at the University of Sydney. Learn about course structures, admission pathways, professional placements, and the career opportunities available to graduates. This is a great chance to understand your options and see how a teaching degree from Sydney can shape your future.

[University of Sydney Webinar - Study advanced computing at Sydney](#)

3 June

From intelligent drones to virtual reality apps, cybersecurity to the Internet of Things, the Bachelor of Advanced Computing will teach you the design principles and programming skills to build the systems behind emerging information technologies with our flexible and innovative degree. Hear from us to learn more. You'll have the opportunity to submit questions live.

[University of Sydney - Meet the University of Sydney - Port Macquarie 2026](#)

4 June

The University of Sydney is coming to Port Macquarie!

Join us for an information evening to find out about the University of Sydney!

Learn about our [Regional and Remote Entry Scheme](#) and [MySydney Scheme](#).

The session will also cover information about courses, admission requirements, entry schemes/pathways, fees, scholarships and accommodation, as well as the type of support available on campus. Uni students and alumni from Regional NSW will share stories, tips on moving away from home and advice about their journey to university and beyond. You'll also get the chance to speak with staff and students and have your questions answered.

[UTS - Bachelor of Accounting Information Evening](#)

6 May

If you are a high-achieving school leaver and believe you could be one of Australia's future business leaders, then our Bachelor of Accounting (BAcc) and cooperative education scholarship program has been designed just for you.

The UTS Bachelor of Accounting provides you with a multi-skilled accounting degree with a strong emphasis on both accounting and financial management, both essential business tools.

Come along to this webinar and meet current students, graduates, sponsors and staff of this elite program.

[UTS Tech Fest 2026](#)

22-26 June

Now in its fifth year running, Tech Fest is returning with an action-packed calendar filled with showcases, interactive workshops, panel talks, hackathons and real-world tech challenges led by industry leaders. Whether you're a current Engineering or IT student, industry partner, tech enthusiast, or university student of the future, this year's program has an event for everyone.

Tech Festival is a week-long celebration held on campus at UTS. Presented by the Faculty of Engineering and IT, the event features a series of workshops, panels, hackathons and showcases that highlight the next generation of engineers, developers and designers shaping the tech industry.

[ACU Webinar - Talk with Occupational Therapists and Physiotherapists: Helping People Move and Thrive](#)

6 May

Connect with ACU students and graduates in occupational therapy and physiotherapy and learn what it's like to help people move and thrive.

[ACU Webinar - Talk with Teachers and Educators: Explore Your Teaching Career and Scholarship Options](#)

7 May

Connect with ACU students and graduates in teaching and education and explore your career and scholarship options.

[ACU Webinar - Talk with Nurses, Midwives and Paramedics: Explore Careers that Make a Difference](#)

13 May

Connect with ACU students and graduates in nursing, midwifery and paramedicine, and explore a career that makes a difference.

[ACU Webinar - Talk with Law, Criminology and Business Professionals; Discover Your Future Career](#)

14 May

Connect with ACU students and graduates in law, criminology and business, and discover your future career.

[ACU Webinar - Talk with Arts Students and Graduates: Turning Passion into Purpose](#)

20 May

Connect with ACU Arts students and graduates, and learn what it's like to study at ACU.

[ACU Webinar - Talk with Biomedicine and Nutrition Experts: From Science to Real-World Impact](#)

21 May

Connect with ACU students and graduates in biomedicine and nutrition.

[Charles Sturt University - Online Parent Information Session](#)

7 May

As your teen starts thinking about their future, this online session is here to help you support them through one of the biggest decisions they'll make – choosing a university.

Hear from experts as we guide you through key topics and processes, share tips for navigating Year 12 and highlight the unique opportunities available at Charles Sturt.

Whether you're looking for general information about university or specific advice to assist your teen, this is your chance to ask questions and get the answers you need.

[Charles Sturt University - Careers in agriculture and environment webinar](#)

26 May

Love the planet? Want to solve real-world challenges? So do we. Explore limitless agriculture careers that shape the future of food and fibre production, farming systems and environmental management.

From food security and climate resilience to data and robotics. Protect and manage natural environments. And power a more sustainable future with the #1 uni for agriculture and environmental science grads who get jobs.

[Charles Sturt University - Careers in animal, equine and veterinary sciences webinar](#)

27 May

Passionate about animals? Curious about a career in the animal health sector? Our info night is the perfect place to start. Uncover caring careers that help creatures big and small. From livestock industries, clinical settings, government and biosecurity, animal welfare or the wildlife sector. Discover careers that help change the way we look after animals.

Companion animal health, veterinary hospitals and clinics, livestock production, equine nutrition, herd health, zoos and cutting-edge research. Think big when it comes to where your animal career can take you. Discover how you'll build real-world skills and learn to support animal health, welfare and care through hands-on experience.

[University of Canberra Bachelor of Primary Education Entry Questionnaire](#)

The four-year Bachelor of Primary Education is a rigorous course which will prepare you to teach national literacy and numeracy at a primary school level, from Kindergarten to Year 6. You'll develop a sound understanding of the educational theories and teaching skills required in today's classrooms, largely by regularly observing them in a primary school environment and putting your academic learnings into practice during one of the many teaching placement opportunities you'll undertake. All applicants will be required to complete a written statement in response to questions designed to assess their suitability for the teaching profession. Applicants' responses to these questions must be deemed satisfactory for them to be admitted to this course. You can find the questions in the 'resources' section of the online application portal when you are applying. You can upload your responses in PDF format as part of your application.

[What Type of Teacher Should You Be? Take the Quiz](#)

**UNIVERSITY OF
CANBERRA**

Ever wondered what age group you should teach? Take this quick quiz to discover whether you're an Early Childhood, a Primary or a Secondary Teacher!

[University of Newcastle - JMP Info Session Webinar](#)

6 May

Join us for the Joint Medical Program Info Session Webinar to find out more about pathways, an overview of the program, admission criteria, study locations and first-hand experience from current students and academics who teach into the program.

[University of Newcastle - Parent and Carers Webinar](#)

5 May

Join us for an information webinar touching on key topics for parents and carers in supporting their students considering studying at University.

[University of Newcastle - Parents and Carers Information Webinar](#)

5 May

We will be hosting an information webinar touching on key topics for parents and carers in supporting their students considering studying at University.

Presentation topics:

- Insights into data surrounding student success outcomes
- Admissions pathways (options, key dates)
- Application preferencing via UAC and Early Entry
- On-campus accommodation information and how to apply
- Support services available to students

The session will be approx. 1 hour including 15mins for Q&A.

[University of Notre Dame - Auburn Information Evening](#)

11 June

Join us at the Auburn Study Centre Information Session to explore how the University of Notre Dame Australia can support your journey into higher education.

You'll hear about our Bachelor degrees taught from our Auburn Study Centre and Broadway Campus in Chippendale, Notre Dame's Early Offer program, scholarships and fees, alternate entry pathways, student experience and a faculty overview of new programs.

[University of Notre Dame - Oran Park Information Evening](#)

16 June

Join us for the Notre Dame info night at our Oran Park Study Centre to explore how the University of Notre Dame Australia can support your journey into higher education.

This session is ideal for Year 12 students and parents who want to learn more about our Early Offer Program, Future You Admissions Pathway and UniPath – a free and flexible entry program. You'll also hear about scholarships, alternative admission pathways and exciting new degree options for 2027.

Enjoy refreshments on arrival before hearing from our admissions team, academic staff and current students. You'll have the chance to ask questions and get personalised advice during our post-session expo.

[UNSW Engineering Information Evening 2026](#)

13 May

The problems and ideas that will impact society over the next two decades rest on the shoulders of our future engineers. From transitioning to Net Zero Carbon Emissions through decarbonisation to tackling the next big Cyber Security threats, merging biology with technology, and creating the most sustainable infrastructure projects – all of this requires technical skills and expertise, along with creative problem solving.

Start your journey at UNSW Engineering - the #1 ranked Engineering Faculty in Australia, and 25th in the world.*

Join us online to hear from current UNSW Engineering students about their experiences and how they've navigated their engineering degrees, offering tips to help make your own journey a rewarding one.

[Griffith University head Start program](#)

Applications for Trimester 2 close 22 June

Applications for Trimester 3 close 19 October

Head Start was created for Year 11 and 12 students, who want to hit the ground running when they get to uni, by completing an undergraduate-level course while in high school.

We'll also cover the tuition fees and guarantee entry into a range of Griffith degrees after successfully finishing the program. We have over 35 courses to choose from and eligible students can complete up to two courses while at school—starting as early as Term 2 of Year 11.

Designed for highly motivated students looking to extend their academic skills and learn from industry leaders—Head Start can be studied on campus, online or at school.

[UNSW Girls in Business Camp](#)

Registration Opens in May
13-16 July

The 2026 Girls in Business (GiB) Camp is a four-day immersive experience designed for female high school students in Years 10 – 12 across NSW who are curious about their future in business.

This year, we're going further.

With the rapid rise of artificial intelligence transforming industries, the 2026 camp is focused on building future-ready skills, equipping students with the mindset, confidence, and capabilities to thrive in an AI-driven world.

Delivered by UNSW Business School in collaboration with industry partners, the GIB Camp gives students a real-world glimpse into what university life is like and the potential career pathway that are open to them

[UNSW Science Information Evening](#)

27 May

Are you passionate about understanding the world, solving real world problems, or exploring cutting edge scientific discoveries? Join us for the UNSW Science Information Evening, designed specifically for high school students, parents, and teachers who want to explore the exciting opportunities that a science degree can offer.

This interactive event will take you inside the world of UNSW Science, from what you can study, to where it can take you, and how we support you every step of the way.

[UNSW Engineering Work Experience Programs](#)

Applications for Chemical and Solar Engineering close 10 May

If you're in Year 10 and passionate about engineering, our hands-on work experience programs offer a unique opportunity to experience university life, connect with industry professionals, and explore where a future in engineering could take you.

[UNSW Indigenous Blak Hack Program](#)

Applications Close 29 May
12-18 July

The Indigenous Blak Hack Program (Blak Hack) is a week-long program held at UNSW's Kensington campus for Aboriginal and/or Torres Strait Islander students in year 12.

Blak Hack empowers participants with problem-solving skills, fosters career exploration, and encourages cultural connection. Through engaging workshops, a dynamic hackathon, and mentorship from faculty and community leaders, students collaboratively develop solutions to real-world challenges.

Black Hack combines Indigenous perspectives with modern problem-solving techniques, providing students with a platform to grow confidence, teamwork, and critical thinking while gaining insights into future career pathways.

University - General

[Upcoming Key Dates for UCAT](#)

Booking Deadline - 15 May
Late Booking Deadline - 29 May
Final Late Booking Deadline - 5 June
Cancellation Deadline - 12 June
Testing Begin - 1 July
Last Test Date - 5 August
Results to Universities - early September

[Bond University - Criminology Experience Day 2026](#)

7 May
Step into the world of crime, justice, and criminal behaviour at Bond University's Criminology Experience Day!
Returning on Thursday, 7 May, this immersive event gives you the opportunity to explore the field of criminology and criminal justice, uncovering how society responds to crime and the complexities of criminal behaviour. Meet leading criminology academics, engage in interactive sessions, and discover how a criminology degree can lead to careers in law enforcement, social work, policy reform and more. Gain valuable insights into the real-world applications of criminology and how it shapes our justice system.

There's no better way to explore your passion than by experiencing it firsthand. This free event is open to Year 10, 11, and 12 students, plus one parent per student.

[Bond University - Construction, Property & Project Management Experience Day](#)

8 May

Explore the fast-paced world of urban development, construction, and property at Bond University's Construction, Property & Project Management Experience Day!

Returning on Friday, 8 May, 2026, this immersive event gives you the opportunity to gain valuable insights into Construction Management, Quantity Surveying, Project Management, Valuation, and Property Development - fields that are shaping Australia's future and unlocking exciting career opportunities.

Throughout the day, you'll hear from industry experts, discover real-world career pathways in our Salary & Career Insights Panel, and be inspired by Bond alumni sharing their journeys. Experience hands-on activities in our Experiential Showcase, engage with our Office of Future Students and Career Development Centre, and explore our world-class campus on a guided tour.

If you're considering a future in the built environment industry, this is your chance to see where your passion can take you.

[Bond University - Cybercrime and Cybersecurity](#)

2 & 9 May

Delve into the minds of a cybercriminal by learning the fundamentals of cybercrime including what motivates those who commit cyber attacks through this Learn for Credit course.

In this course, you will gain a foundational understanding of the regulation and frameworks designed to protect individuals and organisations from cybercrime and the evolution of criminal activities. Delivered as a series of online modules and two-day practical workshop, you will learn from a current Investigator for the Queensland Police Service and Cyber Crime Group and teaching fellow at Bond Business School, Graeme Edwards.

TAFE

[Vocational education and training \(VET\)](#)

VET gives people workplace skills and technical knowledge. It emphasises hands-on experience, and teaches many skills in demand in NSW.

[TAFE NSW Degrees](#)

You don't need an ATAR to study a degree with TAFE NSW, but you will graduate with a qualification that will change your future. Study a Bachelor degree, post graduate or higher education qualification with TAFE NSW, and graduate with strong theoretical knowledge, practical experience and industry connections that will give you a head start on your career. Plus if you have previously completed a higher education or vocational diploma or certificate qualification, you may be eligible for credit transfer or recognition of prior learning (RPL) towards your degree, which means you could graduate sooner.

[Interested in an Electrical Career? NECA Careers Paths](#)

See where a career in electrotechnology can take you. This electro career map shows you the fantastic opportunities that lie ahead. The sky is the limit!

[Automotive Apprenticeships - Apprenticeships R Us](#)

Apprenticeships Are Us is a Group Training Organisation (GTO) that has been supplying quality Automotive Apprentices to the industry for over 15 years. We Specialise in Mechanical Apprenticeships for Light and Heavy Vehicles, Accident Repair trades such as Panel Beating and Spray Painting. Check out our current vacancies for Light Vehicle, Panel Beating, Spray Painting and Spare Parts Apprenticeships

[Nailing Your Apprenticeship Interview - Tips For Putting your Best Foot Forward](#)

Starting your journey as an apprentice is an exciting step toward your career development in the building and construction industry. At the entry level, employers are not looking for someone who thinks they know it all. Employers want to get a sense of your personality, work ethic, reliability, and willingness to learn. As part of the process, landing your apprenticeship placement is more than just about your skills, it's also about getting to know you and how you would fit in with the team. And a big part of this is how you present yourself in an interview. This guide offers practical advice on appearance, preparation, and resume building to help you make a lasting positive impression!

[GOAL College Open Days](#)

20th May - Ultimo

25th May - Sydney Olympic Park

Come for a student-led tour, meet our staff, ask questions at the Q&A, and jump into a games session to see what the vibe is really like.

At GOAL College, we do school differently. We're all about helping students in Years 11 and 12 discover their passions and achieve their HSC in a way that works for them. We have a great reputation for working with the sports industry, but we offer so much more than sport. Our HSC gives students the opportunity to explore career paths, make connections, build networking skills, and get ready for whatever future they choose.

[GOAL College Scholarships](#)

GOAL College has an ongoing commitment to supporting promising young people and is fortunate to be able to offer a limited number of bursaries for entry into Year 11.

Private Colleges

[Brent Street Winter Camp 2026](#)

6-10 July

Don't hibernate this Winter!

Unleash at our epic Winter Camp, a 5-day dance workshop with Australia's best choreographers. You'll leave the workshop feeling inspired and pumped, exposed to a whole new range of styles and teachers, ready to smash your dance goals for Term 3 and beyond!

We welcome students from all studios across Sydney and Australia to enjoy our Winter Camp. It's so much more than just dance classes; it's an experience of making friends, a physical challenge and inspiring teachers!

[Brent Street 2027 Auditions Now Open](#)

To us, there's no other option when training for a career. To be the best, you have to train with the best. Experience the Brent Street energy – a hub of passionate staff, real-world training and our signature training that's dominated the industry for more than three decades.

Whether it's Performing Arts, Contemporary, Musical Theatre or Academy, these life-changing courses set yet another benchmark for pre-professional training in 2027.

[Basair Info Sessions Sydney Pilot Career Seminar](#)

Next sessions 11 May, 6 July, 10 August

Learn about a career as a Commercial Pilot at one of our free information seminars. Basair Aviation College runs monthly seminars in Sydney, Brisbane and Newcastle. Learn more about a career in aviation and the benefits Basair can provide for your training as a commercial pilot.

[Australian Institute of Music Open Day](#)

16 May

Join us at the Australian Institute of Music's Sydney Open Day and experience firsthand how we transform your passion into a profession. Step inside our vibrant campus, explore world class facilities, and see how AIM prepares the next generation of performers, producers, composers, and music industry leaders.

Throughout the day, you'll have the opportunity to hear from and connect with our industry-leading academics, meet current students from each of our courses, and experience interactive workshops and live performances that showcase the creative energy at the heart of AIM.

You'll also gain practical insights into courses, career pathways, and how our hands on learning approach helps students build real world experience from day one.

[The Fashion Institute - Open Evening](#)

TFI
EST. 2010

7 May

Join us for Open Evening on Thursday 7 May 2026 and see first-hand how TFI prepares creatives for the real industry.

Whether you're finishing school, making a career change, or wanting to upskill for the digital age -

Open Day is the best way to understand what makes TFI different.

[JMC Sydney Open Day](#)

2 May

- Explore your creative future and learn about our courses
- Tour our world-class facilities and tech
- Meet our current students and industry expert lecturers
- Speak to us about the admissions process
- Check out live student performances
- Get hands-on with our interactive activations

[Sydney Design School Info Sessions](#)

13 May

Find out everything you need to know about our world class courses and personal support. Our Director, Amanda Grace will introduce you to our industry focused approach to learning. Register below.

[Academy of Entertainment Open Day](#)

23 May

Discover the courses designed to get you started in game development, 3D animation, film and visual effects at the AIE Open Day. This event will be held at AIE Campuses in Sydney, Melbourne, Canberra and Adelaide from 10am to 3pm.

AIE's Open Day is a great opportunity to meet our teachers, staff and students. The day will cover everything you need to know about the:

- careers in games and VFX that we train students for;
- studios and industries that we work with;
- courses we offer - from beginners to professional mastery, and;
- the software, skills and knowledge we teach.

AIE's Open Day will also include presentations on entry requirements and how to apply. Find out how AIE can get you into a creative career.

[Work Experience at AIE](#)

Dates Still Available

The AIE Work Experience Program is a great way for secondary school students in years 10 to 12 to learn about the interactive entertainment and digital industries. The week will open the door to the range of career possibilities in the industry and allow students to get hands-on with the tools of the trade.

The Work Experience Program runs from 9am to 3pm over the course of a week and encompasses a range of activities including 3D animation, programming, QA testing and much more.

[NEW ACBI Diploma of AI to AIBI Bachelor Pathway \(Year 11 Entry\)](#)

New pathway: Start with ACBI's Diploma of Artificial Intelligence and progress straight into Year 2 of AIBI's Bachelor of Business (AI Management), gaining 1 year credit. Open to Year 11 students seeking a fast-track into AI and business careers.

General

[Advice for students choosing HSC courses](#)

Your aim is to attain the best HSC result you can. So, you should choose courses that you are good at, interested in and may use in the future. When considering which courses to study, explore the content of a course. For example, what are the course outcomes? Will you be required to submit a major work, or perform, as part of your exams? Talk with your teachers about your strengths and weaknesses, as well as individual course requirements, before making your selections.

[What can you do with a physics degree?](#)

Sold on a Bachelor of Science, but not sure what to major in? Here are four cool and unexpected jobs a Bachelor of Science (Physics) could lead to. If you're thinking about enrolling in a Bachelor of Science, there are loads of reasons why majoring in physics is a good idea. And despite the maths-meets-science elective often overlooked for those with clearer post-grad pathways, there are loads of industries crying out for a physics major's advanced maths, analytics, problem-solving and computational skills.

[Year 10 Subject Choices with ADHD](#)

21 May

Subject Selection with ADHD: Making Confident Choices in Year 10
Before booking individual appointments or trying to piece this together alone, spend 90 minutes with a Careers Practitioner and an Organisational Psychologist for \$25 and get clear, practical guidance you can actually use.

This webinar is designed for parents of students with ADHD in Year 9–10 who want to make subject choices that support motivation, confidence, and wellbeing — without closing doors later on.

We'll help you understand how ADHD can affect learning, workload, and engagement, and how to choose subjects that work with your teen's strengths and capacity — not against them.

[Year 12 & Early Entry with ADHD](#)

28 May

Year 12 with ADHD can feel overwhelming — for students and parents. Planning is not an easy feat for students with ADHD and the admin load can be heavy in managing so much information and application processes. So much advice. So many opinions. So little clarity. We try and synthesise and summarise the Early Entry experience, what to do and how to plan ahead.

You'll leave with planning strategies and a clearer idea of how it all works — without the panic or pressure.

[Creative Careers Expo 2026](#)

1 May

Bookings are now open for Campbelltown Arts Centre's Creative Careers Expo 2026! This free annual event for high school students in Years 9-12 and emerging creatives is a chance to be immersed in the vibrant world of the arts.

Enjoy an action-packed schedule of inspiring talks from industry professionals, live music, interactive workshops, and stalls from top tertiary institutions.

CAC is proud to partner with leading arts organisations to showcase a wide range of creative fields, including animation, gaming, fashion design, visual arts, music, performance, graphic design, theatre, dance, and more!

[NSW Fire & Rescue Fire Station Open Day](#)

9 May

Come behind the scenes of Australia's busiest fire and rescue service at our Open Day. From fires, chemical spills, car crashes, natural disasters and humanitarian relief across the state, the country and even overseas - our firefighters are prepared for anything! Open Day is your chance to meet a firefighter, see our trucks in action, check out our equipment and find out more about what we do. We'll be on scene to answer your questions, show you around and help you prepare your home for a safe winter. We can't wait to see you and show you what we have been up to.

[John Curro National Youth Concerto Competition](#)

Submissions Close 26 June

The JCNYYCC is recognised as the most prestigious competition in Australia for string soloists aged up to 18 years. It was established by Queensland Youth Orchestras in 1976 to encourage the development of young Australian string players.

The competition is made possible through generous support from a group of donors called the 'Friends of JCNYYCC.' This includes the provision of Prizes in memory of one of the competition's most generous donors, Veronika Butta.

[National History Challenge](#)

Get your entries in by 28 August

The National History Challenge is a free research-based competition for Australian students. It gives students a chance to be historians, researching world history, examining Australia's past, investigating their community or exploring their own roots. It emphasises and rewards quality research, the use of community resources and effective presentation.

[The 11 Second Club - Animation Competition](#)

Runs monthly

Entries can be character animations in any medium, from CG animation (Maya, 3DS Max, Blender, Animation:Master, etc.) to traditional 2D animation to stop-motion. Consider posting your progress videos in the Work in Progress forum. Feedback and criticism will make your animation stronger! Comments should aim to be professional, polite, and constructive for participants of all skill levels.

[National Marine Science Centre Volunteering](#)

On occasion, we may offer opportunities to the general public, to work with our trained professionals.

To register as a volunteer of the University, please complete the SCU Volunteer Registration Form and email to: nmsc@scu.edu.au with a covering letter outlining your specific area of interest. We endeavour to respond to all received applications.

Further information write to or call National Marine Science Centre T: +61 2 6659 8100

[National Marine Science Centre Work Experience](#)

Dates available for September 14-18

Our high school work experience program aims to give students an insight into the work performed by marine scientists, educators and technical staff who are based here at the Centre.

Students typically work in our small Aquarium and can expect to undertake a variety of duties including (but are not limited to): tank cleaning, supervised tank maintenance, feeding marine organisms and assisting with collecting organisms for tank displays. Students may also assist in running some aspects of the Schools Program, as well as, involvement with our undergraduate program.

We offer very limited work experience placements for secondary school students. One student only is selected per week, even from the same school, to allow the best possible experience. Work experience is supervised by our Outreach and Education Manager and runs for 1 week. Work experience placement is offered in weeks nominated only by us.

[Sydney Science Trail Secondary Program](#)

19-21 August

Ignite your students' curiosity at our secondary school science education days. With topical Scientist Talks or thrilling science shows, challenging hands-on workshops and interactive exhibitions, our secondary program is sure to truly engage students in STEM and leave them wanting to learn more.

Don't miss out on this celebration of science! Explore the full excursion program and book your spot now.
