

Finding an Apprenticeship

Finding a job or workplace

Search for apprenticeship and traineeship vacancies through:

- [Australian Jobsearch](#) - Job Services Australia vacancy site.
- [Group Training Organisations](#) - employs apprentices and trainees and places them with host employers.
- [State Government organisations](#) - current vacancies in the NSW Government.
- Don't forget online recruitment agencies.
- Ask larger organisations about how they recruit, and ask businesses in your local area what their needs are and what they look for in an apprentice or trainee.

The 7 steps to registration

Get a step-by-step timeline for registering for a NSW Apprenticeship or Traineeship, from finding the qualification that's right for you, to signing your contract and completing your registration.

[Discover the 7 steps for starting your apprenticeship or traineeship](#)

For more information, visit [Apprentices and trainees | NSW Government](#)

TAFE News

School Leavers

If you have any year 12 students interested in studying with TAFE, please share with them the [TAFE NSW website](#) where they can view all courses and find out about upcoming information sessions. Students can search the website via course name or course area and then will be able to access course overviews, entry requirements, fee details and location.

Info Week

Year 12 students are invited to Info Week to get personalised advice on everything including UAC offer rounds, preferences and life at UNSW. We have online and on-campus events running between **13 - 15 December**, so your students can get all the information they need once ATARs are released. [Register here](#) →

Parent's Info Evening (Online)

Parents and caregivers are invited to join us on **Wednesday, 13 December (6 - 7 pm)** to learn how they can support their child on their journey to university. We will share the UNSW admissions process, how UAC preferences work, degrees and study options and student experience opportunities. [Register here](#) →

Job Opportunities

Central Coast Council

Early Childhood Education (Certificate III, Diploma and Trainees)

<https://centralcoast.applynow.net.au/jobs/CEN3491>

These opportunities will suit enthusiastic, positive and team oriented educators and trainees who are capable of delivering quality education and care, and enjoy building sound connections with staff, children and families, becoming a valuable and positive influence within their centre.

Junior Crew Member Bridges, Wharves and Signs

<https://centralcoast.applynow.net.au/jobs/CEN3484>

The Junior Crew Member role is the first of its kind and is a great start for a young kid who isn't engaged in school and just need a labouring kind of role. This role is a step into learning on the job about how you can learn about how to service or repair bridges, wharves and signs. This is an outdoor work job where every day you will learn from others who will be there to support you.

Park Ranger

Queensland Department of Environment and Science

Adventure awaits! Become a park Ranger - explore the wild side!

Being a Ranger means being part of a team of environmental defenders that ensures the state's parks, historic sites, protected areas and wildlife refuges can be enjoyed for generations to come.

Are you a high school student who's dream job is one that's hands on and outdoors in nature? Being a Ranger will provide you with amazing experiences, as well as an opportunity to make a positive difference in protecting our states wild zones. Check-out the exciting world of Rangers with Queensland Parks and Wildlife Service and Partnerships (QPWS&P), a division of the Department of Environment and Science (DES)!

Dreaming of being an eco-hero? Our Rangers have diverse roles and responsibilities, including management of terrestrial, marine and island parks, fire, wildlife and visitor safety.

1st Year Apprentice Tiler

- Full time role
- Working across various sites on the Northern end of the Central Coast
- Drivers license & White card essential

Are you a motivated individual with a keen interest in the tiling industry?

As a 1st Year Apprentice Wall & Floor Tiler, you will have the exciting opportunity to work alongside qualified Tradesman to gain hands-on experience & learn the skills of the Tiling trade.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

Our Host Employer is a professional family-owned & operated wall & floor tiling company that works on bathroom renovations in the northern end of the Central Coast.

They are now looking for a hard-working, reliable and proactive Apprentice to join their growing team!

DESIRED QUALITIES:

- The ability to carry out repetitive heavy lifting & physical manual work
- Willingness to learn, adapt, and give it a go
- Strong attention to detail and problem-solving skills
- Reliable and punctual
- Hold a current White Card & Drivers License

KEY ROLES AND RESPONSIBILITIES:

- Assisting the tradesmen in set up
- Cutting tiles, laying tiles, moving tiles, screeding
- Removing of old tiles
- Grouting & cleaning tiles in Bathrooms/Kitchens/Pool Areas
- Maintaining the cleanliness of the worksite
- Using manual labour to carry tiles

As part of this Apprenticeship, you will be PAID to study a Certificate III in Wall & Floor Tiling through OFF the Job - Block Release Training at TAFE NSW - Newcastle over a period of 48 months.

For more information about this position, please contact Central Coast Group Training.

1st Year Apprentice Mechanic

Are you a motivated individual with a keen interest in the Automotive Industry?

As a 1st Year Apprentice Mechanic, you will have the exciting opportunity to work alongside experienced, qualified Mechanics, gain

hands-on experience & learn the skills of the Mechanical trade.

ABOUT CCGT:

The Coast's leading employer of Apprentices and Trainees for over 40 years.

Throughout your apprenticeship, you will be employed by CCGT and will work day-to-day with our host employer in order to receive your on-the-job training in the industry.

We are dedicated to offering continuous mentoring and support to help you achieve your career goals and unleash your true potential.

ABOUT THE HOST EMPLOYER:

Our Host Employer is an automotive business with over 50 years experience in the industry, committed to delivering high-quality vehicles and exceptional customer service with a diverse range of top-tier vehicles in their inventory, and they cater to a wide range of customer preferences and needs.

They're now looking for a dynamic Apprentice to join their busy team!

KEY ROLES AND RESPONSIBILITIES:

- Learning to perform routine maintenance & service tasks with precision
 - Warranty and recall repairs
 - Learning to work on a variety of makes and models
-

- Assisting experienced mechanics in diagnosing and repairing vehicles
- Providing excellent customer service
- Maintaining tools & workshop cleanliness

DESIRED QUALITIES:

- Driver's licence preferred
- Willingness to learn and adapt to new technologies
- Genuine enthusiasm for cars and mechanical systems
- Strong attention to detail and problem-solving skills
- Team player with effective communication skills

Working Monday to Friday 8:00am to 4:06pm, with the potential for Saturday work.

As part of this Apprenticeship, you will be PAID to study a Certificate III in Light Vehicle Mechanical Technology through off the job training over a period of 48 months at TAFE NSW – Wyong campus.

For more information about this position, please contact Central Coast Group Training.

1st, 2nd, 3rd, 4th Year Electrical Apprentice

Looking to continue your Electrical Apprenticeship with a new employer?

As an apprentice Electrician, you will have the exciting opportunity to continue your trade & work alongside experienced professionals in the industry learning the skills to progress and work towards completion of your trade qualification.

ABOUT THE EMPLOYER:

Our Host Employer is an Electrical Company that has been operating since 1999. They specialise in providing exceptional Electrical services to clients in domestic electrical work & commercial maintenance. They offer a relaxed, mixed-paced, professional environment who are very team orientated and are looking for a friendly and driven individual to join their team. This is an excellent opportunity for a current apprentice in the electrical trade to work with a well-respected local company.

KEY ROLES AND RESPONSIBILITIES:

- Installation of wiring for new and existing homes
 - Installing & configuring lighting systems, including fixtures, switches and dimmers
 - Placing & wiring power outlets (sockets) in various locations in the home
 - Installing light switches & other types of switches for controlling electrical appliances & fixtures
 - Connecting & installing electrical appliances
 - Upgrading or replacing circuit breaker panels to meet electrical needs
-

- Identifying & resolving electrical issues & ensuring safety compliance with local codes & regulations

DESIRED QUALITIES:

- Currently enrolled & up to date with an accredited RTO
- Drivers Licence & own vehicle essential
- Domestic Electrical experience required
- Attention to detail and problem-solving skills
- Excellent time management skills and ability to multi-task and prioritise work
- Ability to work in a fast-paced environment and meet deadlines
- Have an understanding of electrical systems and components
- Posses an eagerness to learn and have a proactive attitude
- Ability to maintain a strict discipline of safety guidelines during all phases of Electrical work

Working fulltime, Monday-Friday, 7:00am to 2:45pm

As part of this Apprenticeship, you will be PAID to study a Certificate III in Electrotechnology – Electrician through OFF THE JOB Training.

For more information about this position, please contact Central Coast Group Training.

General News

The following news items are sourced from Job Jump

UAC

UAC ATAR Estimator

ATAR Compass estimates your ATAR using scaling statistics from the past five years (last refreshed Apr 2023). These statistics change from year to year. Your actual ATAR will depend on the scaling statistics applied in the year you receive your ATAR. Note that if you are completing the HSC from 2025, ATAR eligibility rules will be different.

Discover Physiotherapy at ACU's North Sydney Campus

28 November

Want to know how physiotherapists help people improve their health and live well? In this hands-on activity, you'll learn the techniques they use to quantitatively measure strength and determine injury in patients. Visit our interactive, fully functional physiotherapist simulation wards. Discover how our students engage in highly realistic interactions with high tech manikins to develop and practise interpersonal and decision-making skills which make ACU physiotherapist students in high demand when they graduate.

<https://www.acu.edu.au/about-acu/events/2023/november/discover-physiotherapy-at-north-sydney-campus>

Discover Psychology at ACU's Strathfield Campus

29 November

Learn about the importance of empathy and being empathetic - a fundamental tool in psychology.

You will learn about the big five personality traits and complete a personality test to better understand yourself and others. Using case studies, you'll discuss psychological disorders and how to go through diagnostic criteria to provide possible treatment options. You'll also visit the Mary Aikenhead Health Clinic - our teaching facility staffed by ACU postgraduate psychology students.

<https://www.acu.edu.au/about-acu/events/2023/november/discover-psychology-at-strathfield-campus>

Discover Nursing at ACU's North Sydney Campus

30 November

Learn how nurses work at the forefront of patient care and experience how they save lives by taking part in a real-world emergency scenario. Visit our interactive, fully functional nursing simulation wards. Discover how our students engage in highly realistic interactions with high-tech manikins to develop and practise interpersonal and decision-making skills which make ACU nursing students in high demand when they graduate.

<https://www.acu.edu.au/about-acu/events/2023/november/discover-nursing-at-north-sydney-campus>

Charles Sturt University Give your students a head start to uni with Study Link

If you have students who might be feeling a little nervous about university-level study, Study Link subjects are available and free for most Australian residents. These subjects are perfect for the summer break; they're short, self-paced, non-credit bearing and they're a great way to get a taste of uni before their course commences.

<https://www.csu.edu.au/studylink/home>

Charles Sturt ATAR Advice Day

14 & 15 December

We know you might have some questions when your ATAR drops.

That's why we're running in-person ATAR Advice Days on campus so you can get your questions answered to help make some big decisions easier.

What you can expect:

- Get advice on how to preference courses to receive the best offer for you.
- Learn about admission pathway options if your ATAR isn't what you'd hoped.
- Chat with an adviser about a personalised plan for getting into your #1 course.
- Find out how to accept your offer and how offer rounds work.
- Get tips on preparing for uni to give yourself the best start!

We can also walk you through scholarship information, accommodation options and provide extra info about the courses you're interested in.

<https://cvent.csu.edu.au/event/f0744520-41c8-45e6-a95e-0afd5c1ddc18/summary>

Charles Sturt Enabling Courses

From 2024, we're making your journey to university that bit easier. We have two new enabling courses to get you ready to study an undergraduate degree.

<https://study.csu.edu.au/apply/admission-pathways/enabling-courses>

University of Canberra - Accounting at UC Information Session

30 November

Join us to learn more about UC's undergraduate accounting and commerce courses. In this webinar, you'll have the opportunity to hear from our teaching staff and from a current student about what you can expect from the program and how it can support you on your way to a fulfilling career in finance.

<https://www.canberra.edu.au/events/Home/Event/462534>

University of Canberra - Welcome Day

1 December and 19 January

UC Welcome Day is the first step for new UC students and those exploring university to experience our campus and community for themselves.

You'll get the chance to discover more about UC by exploring our mini outdoor market with stalls from student clubs and societies, student support services, and UniLodge accommodation. Familiarise yourself with our campus by jumping on a campus tour led by current students.

If you have received an offer to study with us at UC, UC Welcome Day is the perfect day to kickstart your journey at UC early. Receive enrolment and timetabling assistance from our friendly team and be ready for your first semester.

<https://www.canberra.edu.au/events/Home/Event/462556>

University of Canberra - Visual Poetry 101

2 December

This is a one-day poetry workshop for people wanting to play with page-space and visual ways to experiment with words. We will be experimenting with a variety of methods and media, including collage, stamping, redaction, typewriting, pens and paints. Things will get messy so wear old clothes and be prepared to have fun. The medium is the message!

<https://www.canberra.edu.au/events/Home/Event/462373>

University of Canberra hosts Lessons from Game Writing

2 December

Rik draws on his 18 years of experience as a game designer and narrative designer to share the lessons he has learned that have made him a stronger story writer. Games don't give much space or time for telling the narrative through text or long dialogue, so narrative designer and game writers must learn to master and maximise 'Showing Not Telling' through approaches such as dialogue and environmental story telling.

<https://www.canberra.edu.au/events/Home/Event/462460>

University of Canberra - Global Studies and International Development

4 December

Join us to learn more about UC's Global Studies and International Development degrees, including the Bachelor of Arts (Global Studies) and Master of International Development. In this webinar, you'll have the opportunity to hear from our teaching staff and from a current student about what you can expect from the program and how it can support you on your way to a fulfilling, international career.

<https://www.canberra.edu.au/events/Home/Event/462577>

University of Canberra - Portfolio Entry Webinar

5 December

At the Faculty of Arts and Design, we know ATARs aren't everything! Join this webinar to learn about how you could use your creative portfolio to apply for entry to one of our undergraduate courses. Whether you're passionate about the Arts, Communication and Media, Design, Creative Industries, Digital Design or the Built Environment, we'd love to see your work!

<https://www.canberra.edu.au/events/Home/Event/462581>

University of Newcastle Carers & Community Webinar

27 November

We know you probably have a lot of questions about university – getting in, what degree to study, what support is available once you're here? This webinar is designed to help new students feel more comfortable and connected to their new learning environment.

<https://www.newcastle.edu.au/events/commencing-students/new-to-uni>

UNSW Bridging Courses

Chemistry and Physics Bridging Courses are now closed for 2023 and will next be offered in Jan/Feb 2024. Mathematics Bridging course is OPEN for registration.

Bridging courses offer you the opportunity to revise or strengthen your knowledge of HSC Physics, Chemistry or Mathematics so you can successfully manage your studies in year one of university. Your lecturer or tutor will reasonably expect this assumed knowledge at the beginning of your studies. Undertaking the bridging course will ensure you're not at a disadvantage if you do not have a strong background or any prior knowledge in one or more of these HSC subjects and intend on studying a degree that assumes knowledge of these subjects.

<https://www.unsw.edu.au/science/study-with-us/undergraduate/bridging-courses>

UNSW Young Women In Engineering (YoWIE)

Expression of Interest closes 15 December

As an engineer, your world is full of opportunities. UNSW Canberra's YoWIE Program is committed to inspiring young women currently in Years 9 - 12 to consider a future in engineering. This free three-day workshop aims to show how maths and science studies at school can help shape your future.

The YoWIE program began in 2016, and has grown in popularity as more young women join us each year to experience what it's like to be an engineer. By participating in the YoWIE program, you'll have access to a range of hands-on activities, talks by practising female engineers, and the chance to meet other like-minded young women in a fun and supportive environment.

We're excited to share our passion for engineering and encourage students currently in Years 9 - 12 to apply for our next round of YoWIE. Discover your potential and join young women from around Australia to create the next generation of leaders in engineering.

<https://www.unsw.edu.au/canberra/about-us/our-schools/engineering-it/engage-with-us/young-women-engineering>

Reminder - UNSW Young Women in Engineering Pathway Program

Registration Now Open!

The UNSW Young Women in Engineering Pathway Program is an alternate pathway program for high school students* in Year 11 and 12 who will be applying for an eligible engineering degree at UNSW Sydney and expecting an ATAR within the Faculty of Engineering Admissions Scheme (FEAS) eligibility** range. The one-month program runs from **February to March** and has capacity for 120 motivated students to participate each year.

If you're a student who wants to make a difference in the world, has an interest in helping others and would love to learn how engineering can make an impact, then this program is for you!

Gain valuable skills by participating in an engineering challenge set by one of the eight engineering schools in the UNSW Faculty of Engineering. Guided by a lead academic and UNSW Women in Engineering student ambassadors, you will work with like-minded students in small teams to tackle an engineering challenge associated with their ongoing research.

Through this process that connects you to experts in engineering and world-class research, you will gain insights into sustainable and innovative technologies and develop key skills in design thinking, problem-solving, communication and teamwork that will be advantageous to the commencement of any engineering degree, and make friends before starting uni!

This transformational program can not only help you gain entry to UNSW Engineering, but by completing activities and attaining badges under the three program pillars of INSPIRE, ENGAGE and EMPOWER you can automatically qualify to be interviewed for a paid UNSW Student Ambassador role upon starting an engineering degree at UNSW Sydney!

<https://www.unsw.edu.au/engineering/study-with-us/young-wie-club/young-wie-pathway-program>

UNSW Future of Cyber Security Webinar

30 November

We are going to explore the trends, threats and future of cyber security. We'll discover why hacking is on the rise and what this means for businesses, discuss how cyberspace affects our own personal lives and what we can look out for in the future.

<https://www.events.unsw.edu.au/event/careersunlocked-trends-threats-and-future-cyber-security>

University - General

Apply to study at Bond University

Screenwise Founder's Acting Scholarship

Applications open for 2024

The Screenwise Founder's Scholarship offers one two-year full-time scholarship to study the 10869NAT Advanced Diploma of Screen Acting. Valued at \$38,000 The Founder's Scholarship covers tuition fees for the 10869NAT Advanced Diploma Screen Acting Program over the complete course of two years. Tuition Fees also include production of the Scholarship recipient's Showreel and Industry Graduation Showcase upon completion of the program. In addition to full subsidisation of tuition fees, the successful applicant will receive extended mentoring from Screenwise Founder and CEO Denise Roberts throughout their studies

The opportunity to access quality skills training as a screen actor in Australia has become increasingly difficult to access. Economically and socially disadvantaged students are most affected, and will be faced with numerous barriers in pursuit of a career as a professional Film and TV Actor. Many young and talented Australian actors may never achieve their goals as a consequence. Somewhere across our nation another Hemsworth or Kidman may never reach their potential as a professional Film and TV Actor. The question remains, what can our industry leaders do to ensure that Australian Film and TV Actors continue to thrive on local and international screens?

JMC Acting Audition Guide

We understand auditioning can be a daunting process and we hope to make your audition experience as enjoyable as possible. We make allowances for nerves and want to see you do your best.

Our audition process is designed to allow you to be as comfortable and free as possible. We are not looking for the greatest actor in the world! Instead we want to get to know YOU as the actor you are NOW. For us, it is about making asure this course is right for you and that we believe that through your experience of the course you will grow to become an actor with your own unique individuality ready to claim your space at the end of your two years of training.

You will be required to prepare two (2) monologues for your audition. You may select the monologues from the JMC Monologues or they may be of your own choosing. One (1) of your monologues needs to be Shakespearean; the other one may be from any Contemporary published play or film.

Here are a few hints on how to best prepare and enjoy your audition with us.

You will be able to meet our teachers, explore how classes will run, course options, career pathways and see our amazing student work.

We will be covering everything you need to know about the:

- careers in games and VFX that we train students for;
- studios and industries that we work with;

- courses we offer - from beginners to professional mastery, and;
- the software, skills and knowledge we teach.

https://aie.edu.au/aie_event/online-campus-day/

NIDA Stage & Screen School - Years 7-10

15-19 January

Spend a week exploring performance for both stage and screen in this practical introduction to acting. Develop skills in improvisation, text analysis and script work then apply these skills to an on-screen performance. Present live and recorded scenes at the end of the week for your NIDA friends.

<https://www.open.nida.edu.au/course/OHSS710>

NIDA Auditions and Screen Tests, Years 11-12

11-13 December

Become confident in how to present yourself to a theatre or screen director, practice auditions for theatre, film and TV. Participate in a 'mock audition', receive constructive feedback on your audition preparation and technique.

<https://www.open.nida.edu.au/course/OHAST1112>

NIDA Musical Theatre Bootcamp, Years 7-10

16-17 December

Work with a NIDA musical theatre expert to create a short song and story presentation for stage! This is a great way to introduce yourself to the magic of musical theatre and find out just what it takes to become a musical theatre star! Present your song and story presentation to family and friends at the end of the course.

<https://www.open.nida.edu.au/course/OHMB710>

NIDA Writers Bootcamp, Years 11-12

16-17 December

Identify and develop the essential skills required to write a short script. Be introduced to fundamental story principles through the practice of writing scenes and create a synopsis for a short stage play. No experience required, just a love of the written word and a desire to see those words come to life on stage!

<https://www.open.nida.edu.au/course/OHWBC1112>

General

University of Canberra - Visual Poetry 101

2 December

This is a one-day poetry workshop for people wanting to play with page-space and visual ways to experiment with words. We will be experimenting with a variety of methods and media, including collage, stamping, redaction, typewriting, pens and paints. Things will get messy so wear old clothes and be prepared to have fun. The medium is the message!

<https://www.canberra.edu.au/events/Home/Event/462373>

University of Canberra hosts Lessons from Game Writing

2 December

Rik draws on his 18 years of experience as a game designer and narrative designer to share the lessons he has learned that have made him a stronger story writer. Games don't give much space or time for telling the narrative through text or long dialogue, so narrative designer and game writers must learn to master and maximise 'Showing Not Telling' through approaches such as dialogue and environmental story telling.

<https://www.canberra.edu.au/events/Home/Event/462460>

Applications open Web Development Bootcamp - Diploma of Information Technology

Next intake 24 February

Become a Full Stack Developer in 10 months. Code every day, build tech with impact & collaborate with like-minded peers. Gain a nationally-recognised qualification and industry experience with a 1-month optional industry placement (subject to eligibility criteria)

<https://coderacademy.edu.au/web-development/bootcamp>

5 recruiter tips for getting your resume seen

How long does a recruiter spend reviewing a resume? 3 minutes? 10 minutes? 20 minutes?

How about less than 8 seconds? Career website, The Ladders reported that recruiters typically spend 7.4 seconds deciding on a resume. This means that job-seekers need to know exactly what recruiters are looking for within that time frame.

A resume serves a firm purpose, so you need to make sure everything about it is in sync with that purpose: landing the job.

Here are five tips to help you do just that.

<https://www.australiancareersservice.com.au/industry-news/5-recruiter-tips-for-getting-your-resume-seen>

Managing conflict in the workplace

How do you handle conflict at work? If there is a difference of opinion between colleagues about how to carry out a task or project, what do you do? Some people leave the conflict for someone else to deal with, or avoid the conflict or situation. Others state and push for their opinion, or may state their opinion but give in when other people have stronger opinions. A good approach though is to discuss the differences in opinion, and try to find an option that you all agree on.

The Westpac Young Technologists Scholarship

Closes 15 January 2024

The Westpac Young Technologists Scholarship was made for talented and inquisitive high school graduates looking to strengthen their passion and expertise in technology to innovate and create new opportunities and inspire good in the world of STEM.

Westpac Young Technologists Scholars get up to three years of financial support for their studies, networking opportunities, mentoring programs and paid internships with senior business leaders and industry-based experts as well as the chance to develop critical soft skills through the Disruptive Leaders Program. The program includes five days in Asia (Singapore) as part of an international learning experience to broaden minds and inspire new ways of thinking. Students also have access to paid internships and inspiring mentors and become lifelong members of the W100 Scholars Network.

Scholars receive up to \$20,000 in fully flexible funding for their undergraduate studies to put toward their course, degree materials or living expenses. This funding comprises of \$15,000 awarded directly to the scholar over three years plus an additional \$5,000 to cover the cost of attending our Disruptive Leaders Program.

To view the degrees included with this scholarship, please see the eligible degrees website. Applicants are encouraged to be available for interview during February 2024.

Sydney Youth Orchestra HSC Summer School

15-19 January

Registrations open now!

Presented by highly experienced music educators and HSC markers, the HSC Preparatory Course at SYO Summer School is specifically designed to assist students in Years 10, 11 & 12 (in 2024) to prepare for and polish their understanding of HSC Music 2 & Music Extension in a focused, supportive and engaging environment. HSC Summer School will specifically focus on HSC Composition and Musicology requirements, giving students the opportunity to develop their understanding of these two core syllabus areas.

<https://syo.com.au/2024-hsc-summer-school/>

Sydney Youth Orchestra Summer School

15-20 January

Registration open now!

Join SYO for a week of music making in a vibrant and fun atmosphere where you can stretch yourself musically and meet other likeminded young musicians.

SYO Summer School is suitable for any student who plays an orchestral instrument; from those in their first year of playing, through to primary, secondary & tertiary level players.

SYO Holiday Programs are open to all – you don't need to submit an audition or be enrolled in SYO's weekly program to attend!

SYO's Summer School promises to be the very best orchestral training holiday program for young musicians.

You will be led by some of Australia's finest conductors and tutors over five fun and intensive days of rehearsals and tutorials in a chamber strings, wind band or orchestral setting. These ensembles are targeted at a variety of musical levels, ensuring that all students have the opportunity to develop their orchestral skills in a supportive environment.

On the last day, invite your family and friends to your finale performance; the Summer School showcase concerts at Sydney Conservatorium of Music on Saturday 20 January, 2024.
