Child Risk Management Strategy

Policy Statement and a Statement about Commitment
The College is committed to the safety and wellbeing of enrolled students. In accordance with sections 171 and 172 of the *Working with Children (Risk Management and Screening) Act* 2000 (Qld), the College is dedicated to eliminating and minimising risks to child safety through this Strategy which includes and refers to various other policies and procedures to effectively ensure the safety and wellbeing of children in the College’s care.

This Child Risk Management Strategy is evidence of The College’s commitment to the safety and wellbeing of children and the protection of children from harm in fulfilment of the requirements of section 3(1)(a) of the *Working with Children (Risk Management and Screening) Regulation* 2011 (Qld).

Implementation
In practice, the College’s commitment to acting in accordance to the *Working with Children (Risk Management and Screening)* Act (“the Act”) to ensure the safety and wellbeing of students means that it will implement the measures outlined below in points 1 - 8.

1. **Conduct Expectations**
   Staff members of the College are expected to always behave in ways that promote the safety, welfare and well-being of children and young people. They must actively seek to prevent harm to children and young people, and to support those who have been harmed.

   Specifically:
   
   - Staff members should avoid situations where they are alone in an enclosed space with a student.
   - When physical contact with a student is a necessary part of the teaching/learning experience, staff members must exercise caution to ensure that the contact is appropriate and acceptable. Staff members must always advise the student of what they intend doing and seek their consent.
   - Staff members must not develop a relationship with any student that is, or that can be interpreted as having a personal rather than a professional interest in a student.
   - Staff members must not have a romantic or sexual relationship with a student.

   This commitment is evidence of the College’s fulfilment of the requirements of section 3(1)(b) of the Regulation.

2. **Recruitment, Selection, Training and Management Procedures**
   The College is committed to recruiting, selecting, training and managing staff members in such a way that limits risks to children. In particular, the College will:
   
   - Ensure that its recruitment and selection procedures act to reduce the risk of harm to children from employees via:
     - Accurate position descriptions, including whether the successful applicant must be a teacher registered with the Queensland College of Teachers (who has been subject to relevant police and other safety checks), whether a Blue Card is necessary for the successful applicant, the responsibilities and supervision associated with the position, the nature and environment of the service provided to children, and the experience and qualifications required by the successful applicant.
Advertising the position with a clear statement identifying whether candidates will be subject to a teacher registration check or Blue Card screening, a police check, referee checks, identification verification, and the requirement to disclose any information relevant to the candidate’s eligibility to engage in activities including students.

- A selection process that includes assessing the application via an interview process and referee and other checks (as identified above) based on the accurate position description.
- A probationary period of employment, which allows the College to further assess the suitability of the new employee and to act as a check on the selection process.

- Ensure that its training and management procedures act to reduce the risk of harm to children from employees via:
  - Management processes that are consistent, fair and supportive.
  - Performance management processes to help employees to improve their performance in a positive manner.
  - Supportive processes for staff when they are experiencing challenges, such as mentoring, mediation, conflict resolution, coaching, additional training, and external support and counselling services.
  - An induction program which thoroughly addresses the College’s policies and procedures, particularly its expectations regarding child risk management and to assist employees to understand their role in providing a safe and supportive environment for children.
  - Training new and existing staff on an ongoing basis in the following areas to enhance skills and knowledge and to reduce exposure to risks:
    - The College’s policies and procedures
    - Identifying, assessing and minimising risks to children
    - Handling a disclosure or suspicion of harm to a child
  - Keeping a record of the training provided to employees.
  - Exit interviews to assist the College to identify broader issues of concern that may impact on the safety and wellbeing of children at the College.

This commitment is evidence of the College’s fulfilment of the requirements of section 3(1)(c) of the Regulation.

3. Handling Disclosures or Suspicions of Harm

Any of the following types of concerns or reports regarding students under the age of 18 shall be reported and managed under the Child Protection Policy and the Child Protection Procedure:

- Staff with concerns about a case of sexual abuse or likely sexual abuse;
- Staff with concerns about a case of sexual or physical abuse; and
- Staff who have received a report of inappropriate behaviour by another staff member towards a student of any age.

If the College receives a report of inappropriate behaviour by a staff member towards a student, the behaviour not only needs to be reported under this policy, but the matter needs to be dealt with as a reported breach of the Staff Code of Conduct. The College will most likely have reporting obligations for this to the Queensland College of Teachers.

In accordance with the Child Protection Act 1999, if any staff member, is aware or reasonably suspects harm has been caused to a student under 18 years and the harm has not been reported under the Child Protection Policy, the staff member must report the harm to the College’s Principal (an early education and care professional, who is an educator, should report to the Principal via the
relevant Nominated Supervisor regarding an ELC student). The types of harm reported may include emotional or psychological abuse or neglect or sexual exploitation.

If the Principal is aware or reasonably suspects the harm has been caused and that the student is in need of protection, the Principal must report the harm or suspected harm to the Chief Executive of the Department of Communities, Child Safety and Disability Services (or other department administering the Child Protection Act 1999). In assessing whether a student is in need of protection, the Principal will consider the “Significant Harm Test” and the “Parent Willing and Able Test” as detailed in the College Child Protection Procedure, as well as utilise the Department of Communities, Child Safety and Disability Services’ Child Protection Guide resource.

Please refer to the College Child Protection Procedure as well as to Independent Schools Queensland’s Child Protection Decision Support Trees for information on the process for reporting all types of harm, including sexual abuse.

To report any type of harm, all staff members should use the Report of Suspected Harm or Sexual Abuse Form in Appendix 2 of this Strategy (or equivalent).

The Principal will notify the Office of the CCM Chief Executive Officer of all cases of harm or abuse reported from the College to Police and/or Child Safety. Furthermore, and in accordance with section 76 of the Education (Queensland College of Teachers) Act 2005, the Principal of the College will report to the Queensland College of Teachers any investigations into allegations of harm caused, or likely to be caused, to a child because of the conduct of a relevant teacher at the College.

This commitment is evidence of the College’s fulfilment of the requirements of section 3(1)(d) of the Regulation.

4. Managing Breaches of this Child Risk Management Strategy
The College is committed to appropriately managing breaches of this Child Risk Management Strategy in accordance with its other relevant policies as appropriate in the circumstances, such as its Child Protection Policy, Employee Code of Conduct, Dispute Resolution Policy and Procedures and Enterprise Bargaining Agreement or equivalent, and this is evidence of fulfilment of the requirements of section 3(1)(e) of the Regulation.

5. Implementing and Reviewing the Child Risk Management Strategy
This Strategy in its entirety and its related policies and procedures are evidence of fulfilment of the requirements of section 3(1)(f)(i) of the Regulations relating to implementation.

The introduction to this Child Risk Management Strategy and the “Compliance and Monitoring” section below state the College’s commitment to reviewing the Strategy annually and are evidence of fulfilment of the requirements of section 3(1)(f)(i) of the Regulation relating to review.

6. Blue Card Policies and Procedures
The College is committed to acting in accordance with chapter 8 of the Working with Children (Risk Management and Screening) Act relating to the screening of employees in such a way that limits risks to children. In particular, the College will:

- Require relevant prospective or current employees, volunteers, trainee students and other persons as relevant to apply for a Blue Card or Exemption Notice, and check the validity and appropriateness of any currently held notices as appropriate, in accordance with the College’s position descriptions and the Act
- Complete an Authorisation to confirm a valid card application when necessary
• Submit a *Change in police notification* form when notified by employee that such a change has occurred
• Not allow a person to continue to work with children if their Blue Card or Exemption Notice is cancelled or suspended or a negative notice is received after a change of police information
• Submit a *No longer with organisation* form when appropriate
• Appoint a College contact person who will be responsible for managing the screening process and all related documentation and records
• Keep written records of all the above actions, decisions and outcomes, including the dates of expiry of Blue Cards and Exemption Notices
• Ensure that all information in relation to Blue Cards and Exemption Notices is kept confidential
• Act to remind employees to keep their Blue Card or Exemption Notice up to date

This commitment is evidence of the College’s fulfilment of the requirements of section 3(1)(f)(ii) of the Regulation.

7. **High Risk Management Plans**

The College is committed to identifying risks, assessing risks, eliminating and minimising risks and the monitoring of risk to the safety of children on an ongoing basis. The College will utilise various risk management tools to assist it in this process and will keep appropriate records of decisions made and actions taken in relation to risks to children.

This commitment is evidence of the College’s fulfilment of the requirements of section 3(1)(g) of the Regulation.

8. **Strategies of Communication and Support**

The College’s commitment to making this Child Risk Management Strategy available to students, parents and employees via its website is evidence of fulfilment of the requirements of section 3(1)(h)(i) of the Regulation.

The College is committed to training employees in relation to risks to children and will conduct this training regularly via annual formal training events, informal updates at staff meetings and regular discussions between managers and their staff, and this is evidence of fulfilment of the requirements of section 3(1)(h)(ii) of the Regulation.

**Responsibilities**

The College Principal is responsible for developing and implementing College-based procedures to ensure it fulfils its obligations under this policy. The Principal must notify

All employees at the College are responsible for acting in compliance with this Child Risk Management Strategy and related policies and procedures.

**Compliance and Monitoring**

The College is committed to the review of this strategy at least biennially. The College will also record, monitor and report to the CCM Chief Executive Officer and Board (via the Chief Executive Officer) any breaches of the Policy or Strategy.

Child Protection Policy

The care and safety of children - particularly those at our College - is fundamental to our ministry. We believe that children are of great value to God, that their intellectual, physical, spiritual and social development is also of great importance and that we are responsible to provide an environment for them that is safe and conducive to their ongoing development.

All members of the staff have an important contribution to make towards the ministry of the College. They have a responsibility to meet the requirements of legislation in terms of child safety and to ensure that all students can learn in a safe and fair environment. Children are responsible for their own behaviour and actions which facilitate learning.

Likewise, staff members are responsible for their own actions and they have the right to work in a safe and fair environment.

The development of staff is an important component of the care the College has for its staff. Jesus is the Master Teacher and is the perfect model of servant leadership. Teachers need to strive to be like Jesus by precept and example.

Definitions

• **Section 9 of the Child Protection Act 1999 - “Harm”**, to a child, is any detrimental effect of a significant nature on the child’s physical, psychological or emotional wellbeing.
  1. It is immaterial how the harm is caused.
  2. Harm can be caused by—
     a) physical, psychological or emotional abuse or neglect; or
     b) sexual abuse or exploitation.
  3. Harm can be caused by—
     a) a single act, omission or circumstance; or
     b) a series or combination of acts, omissions or circumstances.

• **Section 10 of the Child Protection Act 1999 - A “child in need of protection”** is a student who—
  a) has suffered significant harm, is suffering significant harm, or is at unacceptable risk of suffering significant harm; and
  b) does not have a parent able and willing to protect the child from the harm.

• **Section 364 of the Education (General Provisions) Act 2006 - “Sexual abuse”**, in relation to a relevant person, includes sexual behaviour involving the relevant person and another person in the following circumstances —
  a) the other person bribes, coerces, exploits, threatens or is violent toward the relevant person;
  b) the relevant person has less power than the other person;
  c) there is a significant disparity between the relevant person and the other person in intellectual capacity or maturity.
Health and Safety
The College has written policies in place about the health and safety of its staff and students in accordance with relevant workplace health and safety legislation\(^1\).

Responding to Reports of Harm
When the College receives any information alleging ‘harm’\(^2\) to a student (other than harm arising from physical or sexual abuse) it will deal with the situation compassionately and fairly so as to minimise any likely harm to the extent it reasonably can. This is set out in the College’s Child Risk Management Strategy. Information relating to physical or sexual abuse is handled under obligations to report set out in this policy\(^3\).

Conduct of Staff and Students
All staff, contractors and volunteers must ensure that their behaviour towards and relationships with students reflect proper standards of care for students. Staff, contractors and volunteers must not cause harm to students\(^4\).

Reporting Inappropriate Behaviour
If a student considers the behaviour of a staff member to be inappropriate, the student should report the behaviour to the College Child Protection Officer (see Appendix B)\(^5\).

Dealing with Report of Inappropriate Behaviour
A staff member who receives a report of inappropriate behaviour must report it to the Principal. An ECEC Professional may initially report inappropriate behaviour to the relevant ELC Nominated Supervisor, in which case the Nominated Supervisor must then report it to the Principal. Where the Principal is the subject of the report of inappropriate behaviour, the staff member must inform the CCM Chief Executive Officer or a member of the CCM Board\(^6\).

If the College receives a report of inappropriate behaviour by a staff member towards a student, the behaviour not only needs to be reported under this policy, but the matter needs to be dealt with as a reported breach of the Staff Code of Conduct. The College will most likely have reporting obligations for this to the Queensland College of Teachers.

**Mandatory Reporting of Physical and Sexual Abuse**

Under Section 13E (3) of the Child Protection Act 1999, if a doctor, a registered nurse, or a teacher
forms a 'reportable suspicion' about a child in the course of their engagement in their profession,
they must make a written report. Commencing 1 July 2017, this reporting requirement also applies to
an early childhood education and care professional.  

A reportable suspicion about a child is a reasonable suspicion that the child: -

a) has suffered, is suffering, or is at unacceptable risk of suffering, significant harm caused by
   physical or sexual abuse; and
b) may not have a parent able and willing to protect the child from the harm.

The doctor, nurse, teacher, or early childhood education and care professional must give a written
report to the Chief Executive of the Department of Communities, Child Safety and Disability Services
(or other department administering the Child Protection Act 1999). The doctor, nurse, teacher, or
early childhood education and care professional should give a copy of the report to the Principal.
